HEARING ARGUMENT

State Canvassing Board is lis-
tening to Discussion of
Their Rights

TO GO BEHIND THE RETURNS

Work of Examining Vote Fin-
ished Last Evening—Eleven
Contests Filed.

TAYLOR LEADS ON THE COUNT

FRANKFORT, Dec. 6.—The state canvassing board this morning decided to hear the proof in the contests of the eleven counties passed it can vassass the vote yesterday. There is no decision likely until this hearing has been completed, and the board decides to go behind the returns and there are changes made, Taylor will be given the casting of election, as according to the footings of the vote found by the state board Taylor has 2383 plurality.

The state board finished its can-
vassing at 1 p. m. before the discussion whether it should go behind the returns and the dis-
cussion is still on. Upon the ruling is apt to rest the final finding in the matter. It is believed the board will hear all the contests. An order was made for all complaints to be in writing.

The best of order prevails and the orderly crowds are ready only ordinary ones.

GENERAL MOVEMENT

Of the English Troops in Trans-

Under Way.

ANOTHER BATTLE EXPECTED

Boers are Entrenched Strongly
at Several Points in Front
of the Britons.

LADYSMITH MUCH PRESSED

LONDON, Dec. 6.—A general move-
ment of the British forces in the trans-
vaal is reported. Another big bat-
tle is expected daily. The Boers are
strongly entrenched at several points.

Ladysmith and Mafeking are the chief-
est strained conditions.

CAPE TOWN, Dec. 6.—Another en-
gagement between Boers and Gen-
eral Methuen's column may be ex-
pected today. The Boers are re-
tained in position on ridge six
miles north of Modder river and the
Lancers in reconnoitering for Meth-
uen's advance have already exchanged
shots with them. Nothing is known
of the position of the Free State
forces who probably deserted the
Transvaal camps at Modder river.

The Boers are always able to fall back

on another strong position and pur-
sue their policy of wearing the Brit-
ish out with the aim of ultimately
striking a blow when they will be
too much weakened to resist.

LONDON, Dec. 6.—A military ex-
pedition in the Morning Post deprecates
the exaggeration of the Modder river
fight. He shows that the extent of
the Boer chastisement has not yet
been proven by this or any other en-
gagements, as the British always have
had to fall after fighting from fa-
tigue.

that forty insurgents were killed.
He gives assurance the place can be

An impression is likely to be cre-

quency of mention given to the
operations of the armored train in the
dispatches that it is being used in
the South African campaign for
the first time. It is to be feared
that its character will be made to
impress it as long ago as the Civil

In 1882 Captain, now Adm. Fisher,
of the British navy, adopted a
more active form of armored train
which was armed with a gun
capable of inflicting a severe effect against an enemy which
did not know how, or was too lazy, to tear up the tracks in front of it.

The style of armored train used in
South Africa is said to be much the
same as the one utilized by Fisher.

It has been subjected to a severe test with the demon-
strated result in at least two instances
that its use is attended by very man-
ifest weakness.

In fact, the defects are well nigh
fatal, when it is recognized how eas-
ily an active enemy can bring the
armored train to a standstill by
blowing up the rails before and be-
hind it.

THE ERLER SUIT.

Petition Against Wilcox & Halloran in the Circuit Court.

Mr. William Erler, of Terre Haute,
Ind., formerly a contractor of the
sewerage work here, this morning in
the circuit court through his attor-
neys, Major T. E. Moss and Hon. J.
Dennis Macopin, filed a suit against
Wilcox & Halloran, the sub-contractors
under Little White, for \$7,500 and a few
dolars more.

Mr. Erler claimed to be due for work
done here. Mr. Erler was in the city
several days ago to adjust the matter,
but the gentlemen were unable to come
to any agreement, so the suit is filed.

The sub-contractors claim that there
is nothing due Mr. Erler, about half

the amount sum for having done

the work, pipe, valves and \$2,500

paid the city for street work the sub-

contractors claim Mr. Erler should have

done, and for which they paid the city

as a compromise.

One of the greatest benefits derived from Paducah travellers from the new fast mail of the Illinois Central is, that it saves not only a great many hours in time, but instead, of requiring two nights on the sleeping car passengers can now leave Paducah at 11:45 a.m., reach Louisville at 8:45 p.m., connecting with Chesapeake and Ohio Atlantic express leaving from the same depot in New York 6:00 p.m., reaching Washington 8:30 p.m. next day, Baltimore 4:58 p.m., Philadelphia 7:05 p.m., New York 9:05 p.m. The improved facilities apply only via the Chesapeake and Ohio route, justly celebrated for the variety and beauty of its scenery; for historical interest attaching to the territory it traverses, and for its superior train service. Stop over privileges on New York tickets are granted at Washington, Baltimore and Philadelphia. **John**

ANNUAL MESSAGE.

Continued from Second Page.

I am also glad to announce that the German insurance companies have been readmitted by the superintendent of insurance to do business in this state. Subsequent to the exchange of our peace treaty with Spain Germany acquired the property for \$500,000. Assurances have been received from the German government that they will be highly appreciated.

The Canadian Boundary.

In my last annual message I referred to the pending negotiations with Great Britain respecting the adjustment of the boundary line between the United States and Canada, embracing 12 sub-areas, and the question of the rights of the fur seals, the fisheries of the coast and contiguous inland waters, the Alaskan boundary, the alien labor laws, mining rights, reciprocity in trade, revision of the agreements by reason of the increase in the population of the Canadian boundary, a more complete marking of parts of the boundary, provision for the conveyance of criminals, and the like. This formality is soon to be accomplished.

The city no longer deals with tramps as she did. They are when caught, but few of them venture into the city. Occasionally one prowls about the outskirts and remains in a locality here or there, is pretty certain that he will be a paying policeman.

Officer Orr went into the woods near the new depot day before yesterday and found a couple of them seated around a fire. He arrested them and had another officer to accompany to the lockup. As they started to walk, he said, "I am going to make a dash for liberty, sure enough as if instinctively both made a break and got away.

The officers were not thus to be outwitted, however, for they made a circuit and found one of the men back at the fire, setting out his flag in the wood. It were almost a sacrifice to disturb him, but he had to go. He enjoyed the pleasure of seeing Judge Sanders yesterday morning, but was dismissed with a reprimand.
